

Streamline Your Cloud Expenses & Boost Agility with Motherson Technology Services

Kickstart Your Cloud Cost Optimization Journey with Our Cost & Billing Management Services

Businesses that migrate to the Cloud wish to lower their IT costs by avoiding costly hardware refreshes and overprovisioned IT infra (scalability). However, most find their overall IT spend to be more than they had bargained for due to a lack of Cloud Financial Management (CFM) and optimisation.

Unoptimized Cloud spending is a significant issue for companies across the globe and is becoming more critical as Cloud costs continue to rise and leads to the loss of potential revenue generation opportunities.

Key Benefits

Cloud Cost Management Offerings

Our cost and billing management service help reduce overall IT spending and enable you to run your workloads at the lowest cost. Moreover, it identifies mismanaged resources and eliminates unnecessary costs.

Cost Optimisation: Stagewise approach

We helps businesses run and optimise their workload at each stage and save cloud costs.

What Do You Achieve?

Customer Success Stories

Improved Cost-Performance Ratio

Helped an EdTech client attain reliable infrastructure and significantly improve performance cost ratio. The client saved over \$22k annually on CDN services

Lowered Consumption Cost

E-commerce client saved EC2 server costs by more than 40% and over 30% on compute costs by replacing VMs with serverless lambda. They attained enhanced data protection and security by using specific AWS security services.

Infra Modernization

Digital Marketing company reduced their yearly S3 cost by 20%, yearly infrastructure cost by 3%, and attained zero untracked cost on both resource and region level with Our Cost and billing management services.
